Objective

Enthusiastic Full Stack Developer with strong fundamentals in modern web technologies including React, Node.js, MySQL, and MongoDB with strong focus on debugging, scalable systems, and clean code. Passionate about building scalable applications, learning new technologies quickly, and contributing to innovative platforms.

Education

JECRC Foundation , BTech in Information Technology	Sept 2022 – May 2026
• Accumulative GPA: 8	
Matrix High School , Senior Secondary	May 2021
• Percentage: 96.80	
Poonia Public School , Secondary Education	May 2019
• Percentage: 92.33	

Technologies and Skills

Frontend: HTML, CSS, JavaScript, React.js

Backend: Node.js, Express.js, Java

Database: MySQL, MongoDB

Others: Docker, AWS, Git, GitHub, Debugging, Testing, Scalable Application Development

Training and Internship

- JECRC Central Library** – Jaipur, India 01 May 2025 – 28 Oct 2025
Architected and led the full-stack development of a high-performance, secure web platform for an international conference, ensuring seamless deployment, cross-device compatibility, and enhanced user engagement.
- Upflairs Pvt Ltd.** – Jaipur, India 1 July – 17 Aug 2024
Completed an intensive 45-day training program focused on Cloud and DevOps principles; Gained hands-on experience with Linux, Docker, Jenkins and Kubernetes by deploying and managing sample applications.

Projects

- Nextor**
Nextor is a fully functional, full-stack EdTech platform that empowers users to create, consume, and rate educational content. Designed to deliver a seamless learning and teaching experience, the platform supports role-based access for students and instructors, course management, and secure transactions. Tech Stacks: Express.JS and Node.JS.
- Nexio:**
Developed a scalable B2B e-Commerce platform that enables NGOs in India to lend and share resources efficiently and improve collaboration. Tech Stack: Node, Express, MongoDB, JWT, RESTful APIs.

Volunteering and Leadership

- Zarurat**
Volunteered as a teacher and coordinator at Zarurat, providing structured academic support, life skills training, and personalized mentoring to underprivileged children. Spearheaded the design and execution of digital marketing strategies for the annual fest, including graphic design, content creation, and targeted social media campaigns, resulting in increased community engagement and participation in events.
- JECRC Incubation Center**
Produced well-researched, high-quality articles and curated relevant content for 'Magnate,' ensuring accuracy, engagement, and alignment with the audience interests.

Certification

- Deloitte Australia Technology Job Simulation on Forage - June 2025**
Completed a job simulation involving development and coding
- The Complete Web Development Bootcamp – Angela Yu (Udemy)** Completed a comprehensive full-stack development course covering HTML, CSS, JavaScript, Node.js, Express, MongoDB, Git, and RESTful APIs through hands-on projects.
